Eye circles: a common concern

What are eye circles?

The skin of the eye area is very sensitive and fragile, easily revealing the signs of fatigue or age. Eye circles appear first at the corner of the eye and then spread on the contour which makes the eyes sad and tired.

Teosyal data source

- Eye circle landmarks
- ① Tear trough
 - ② Palpebromalar groove
 - ③ + ② = Eye circle

What is their origin?

Eye circles can have different origins: fatigue, deficient microcirculation, unhealthy lifestyle, and they are often hereditary.

Are there effective treatments?

From a thorough clinical examination, your practitioner will determine the most appropriate treatment. Depending on the type of eye circle, you will be proposed different treatments.

 EFFECTIVE • SAFE • LONG-LASTING

A TEOXANE Laboratories innovation

What is Teosyal® PureSense Redensity [III] EYES ?

It is a hyaluronic acid-based injectable gel specially designed to treat the delicate and sensitive eye circle area. Hyaluronic acid is a molecule naturally present in the dermis giving hydration, elasticity and firmness to the skin.

This gel has been developed with the expertise and knowledge of TEOXANE Laboratories' research and development department.

Who can benefit from Teosyal® PureSense Redensity [III] EYES?

Men and women with eye circles.

The product is not suitable for pigmented dark circles neither for large malar and palpebral bags, those last ones being subject to surgery.

TEOSYAL® PURESENSE Redensity [II] Eyes

Immediate safe results

Are the results visible?

Yes, they are visible immediately after the injection and last an average of 12 months (according to clinical study⁽¹⁾).

Are injections in this area painful?

The formulation of Teosyal® PureSense Redensity II includes lidocaine, an anaesthetic ensuring optimal comfort throughout the injection session.

Is the skin marked after injection?

Redness and slight bruising at the injection site may occur, but are greatly reduced by the application of an ice pack after the injection.

Natural, safe and long-lasting results
